1. The CHAIRMAN drew the attention of the Committee to the United Kingdom proposal to export 10 Klystrons to the Soviet Zone of Germany (COCOM 3564). He recalled that the Committee had heard the views of a number of Delegations at a previous meeting (COCOM 3602).
2. The UNITED STATES Delegate said that his authorities were still concerned about the way in which the original equipment for which the Klystrons were required had been obtained by the Soviet Bloc. They were nevertheless prepared to raise no objection to this export if it were unanimously approved by the other members of the Committee.
3. The ITALIAN and NETHERLANDS Delegates stated that their authorities had no objection to this export.
4. The UNITED KINGDOM Delegate expressed his thanks for the favourable replies which had been given and reiterated that there had been no violation of the Committee's regulations when the original equipment had been exported from the United Kingdom.
